

## HONEYMOON CUT SHORT BY ARREST

William B. Burn's Hawaiian honeymoon was cut short here this morning when Deputy Sheriff Julius W. Asch arrested him on a charge of embezzling \$1070 from Carl Looker in Akron, Ohio, October 21, 1916, upon advice from Chief of Police John Durkin of that city.

Burn arrived here November 14 on the Great Northern with his pretty young bride. He claims to be a graduate of the Michigan law school and says he will waive extradition if a Honolulu officer will take him home on the first boat. Otherwise it would be necessary for him to remain several weeks in a local jail awaiting an Ohio officer's arrival.

The visitor will not disclose the nature of the alleged embezzlement. He was formerly connected with the Goodyear Rubber Company of Akron, it is said.

## JUDGE COKE WILL SEND KIMONO TO HIS FRIEND

One of the first persons to congratulate Judge James L. Coke upon his appointment as circuit judge was Nicholas J. Pritzker, prominent Chicago attorney, whose cablegram to Judge Coke is as follows:

"Heartiest congratulations. Am drinking your health. Where's that kimono?"

As to the kimono part of the message, Judge Coke says Pritzker and himself are old friends and together were admitted to the supreme court in Washington, D. C., about 10 years ago. At that time Judge Coke promised his friend he would send him a Japanese kimono from Hawaii.

"I have never sent the kimono," says Judge Coke, "and I see he has not forgotten my promise even after 10 years. I guess I'd better get one and send it to him."

## LYMAN STEPS OUT BEFORE TIME UP

(Special Star-Bulletin Correspondence) HILO, Dec. 8.—Norman K. Lyman appears to have gotten himself into hot water with the supervisors and the chairman of the board and his resignation as road overseer for South Hilo and as secretary to the chairman is now reported to be in the hands of Supervisor-at-Large Kauhane.

The resignation is to take effect at the end of the year and Lyman's successor is to be Joe Vierra, the veteran road builder, who was in charge of the work under the reign of David Ewaliki. It is not at present known who will succeed Lyman as secretary to the chairman.

N. K. Lyman would, in the ordinary course of events, have to proceed to Honolulu about the end of next month in order to take his seat in the house of representatives, to which he was reelected at the last election. He is resigning his position as road overseer at the end of the year.

Some of the supervisors are wrathful with Lyman, as they claim that he contracted a lot of debts in connection with road machinery and supplies without consulting them. It is admitted that the machinery was absolutely necessary, but the solons object to the manner in which they claim Lyman ordered the stuff. Others say that Lyman had the power to purchase and that as he found business firms were only too glad to do business with the county under any circumstances, he went ahead and got what was needed to successfully carry on his department.

## SCHOOLS DOING DUTY-PINKHAM

"The Territory of Hawaii is keeping fully up to its duty to humanity in education," says Governor Pinkham in his report concerning the school work of the islands and contained in the annual report made public today.

"Intellectuality in a greater or minor degree cannot supersede the spirit and application of willing, intelligent labor. Intelligent labor Hawaii must have, hence while putting no limit on opportunity and ambition, it endeavors to prepare children for life in their reach and within probability and to give them means of broadening their own lives as they physically toil."

The chart accompanying his report shows 19,157 Orientals in attendance on average of the year, Hawaiians 8409, Latin races 7628, Saxon and Germanic 1974, Russian 128, Filipino 499 and other foreigners 151.

## PINKHAM BOOSTS ROUND TOP PARK

Governor Pinkham is a lively booster for the Round Top Park on Makiki Round Top Mountain, as shown in his reports to Washington. He refers to the great advantages to be gained by making Haleakala and Mauna Loa national parks.

"Working along the same lines," he says, "the territory plans to make the Makiki Round Top Mountain, Oahu, a park that will be equally attractive, although much smaller and without the glamor of a volcano, dead or alive. This park will have one large advantage in being located almost in the heart of the city of Honolulu."
